who lives with
cystic fibrosis

Seven-year-old Brian from Mosgiel was diagnosed at birth with the lung disease Cystic Fibrosis. He has IV Antibiotic treatments three times a year and attends clinics every two months. Brian has daily physio and has to take enzymes along with other medication daily to help digest his food.

He lives in Mosgiel with his mother Sharon, brother Joe 11 who also has Cystic Fibrosis, the family dog Sky and cat Tippiie.

Brian's interests include playing Playstation, drawing, action figures, wrestling and sports.
